

# AirCare app

## Remote compressor control

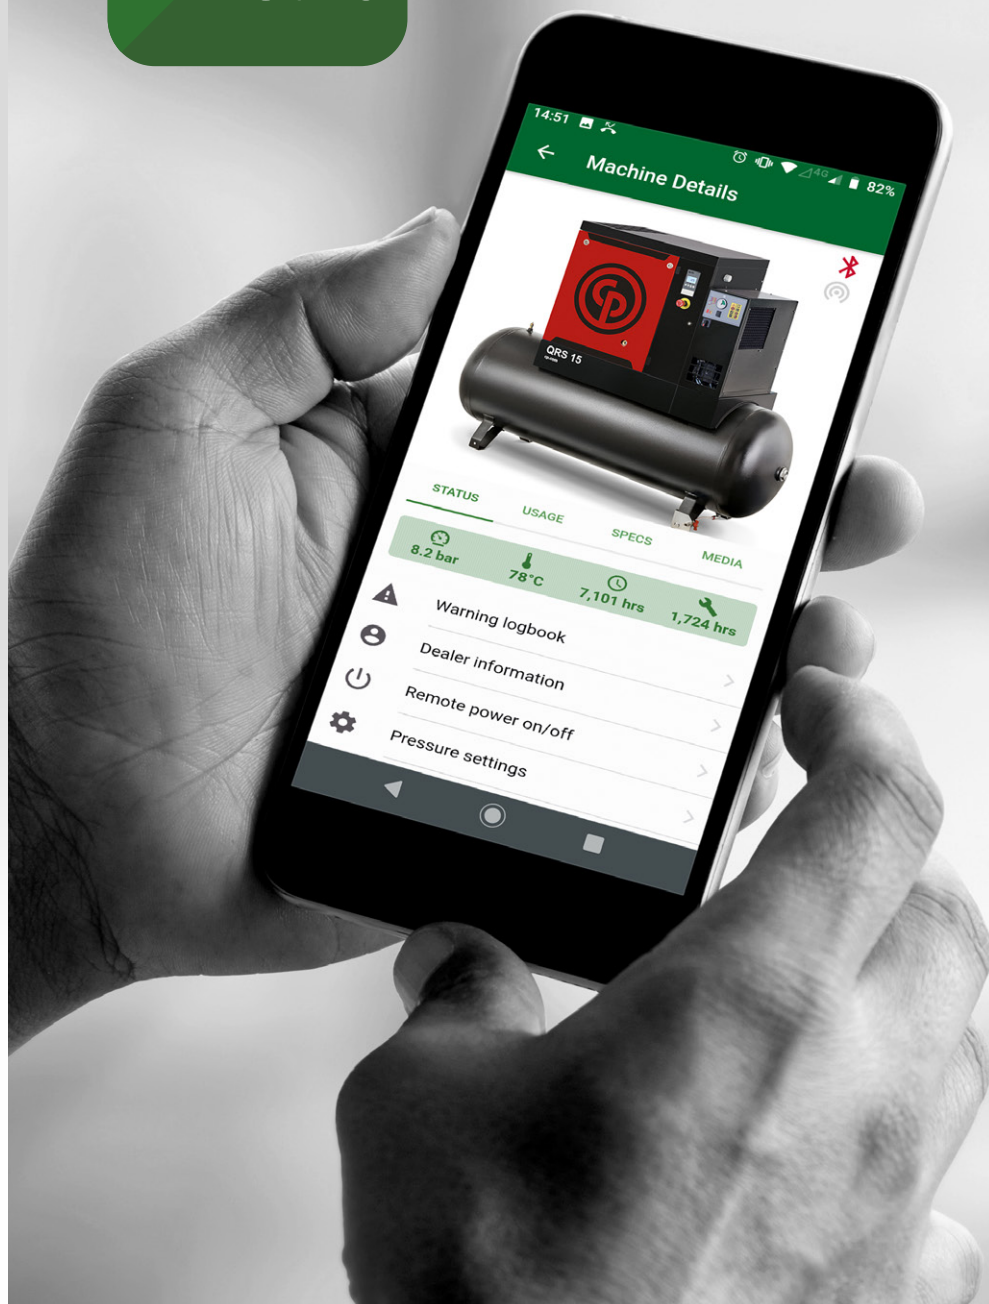

### Monitor & control your compressor on your phone

Meet your new favorite productivity app. With AirCare, compressor control and monitoring are always within reach. The app keeps a constant eye on your compressor and sends you real-time notifications. You can also remotely control the unit to turn it on/off or improve its efficiency. The app can even run a leakage detection program. Download AirCare now from your app store. Installing AirCare is as quick and easy as using it!

#### One-touch performance and efficiency

- Monitor your compressor performance status and stats.
- Remotely control your compressor.
- Leakage detection.
- Real-time notifications and alerts.
- Your go-to place for support and information.

People.  
Passion.  
Performance.

# AIRCARE APP REMOTE COMPRESSOR CONTROL

In one quick glance, you get your compressor's key stats and weekly usage report.

## Monitor performance and productivity

Use AirCare to check your compressor's real-time performance:

- Pressure
- Temperature
- Running hours
- Operation mode

Use the AirCare app to control your CP QRS oil-injected screw compressor.

## Control and optimize your compressor

With AirCare you can remotely control your compressor and optimize its efficiency:

- Start and stop your compressor
- Set unload and load pressure
- Select your required pressure bands to enhance performance and save energy
- Set up your week timer

## Receive real-time notifications

Avoid wear and tear, and unexpected breakdowns, with AirCare notifications via wifi:

- Real-time machine warnings
- Real-time machine shutdowns

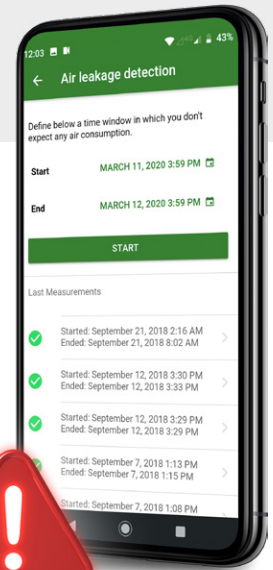

## Setting up your AirCare is as easy as 1-2-3:

- 1 Download the AirCare app from the App Store or Google Play.
- 2 Scan the barcode of your compressor.
- 3 Connect your compressor to your wifi network.

## Leakage detection program

To ensure your compressor operates efficiently, AirCare comes with a handy air leakage detection feature. It not only finds leaks, but it also calculates how much money those leaks are costing you and how much you could save in energy costs by fixing them.

## Library of information and online support

AirCare holds an entire library of instruction manuals, installation guides, videos, and much more related to your compressor.

Use only authorized parts. Any damage or malfunction caused by the use of unauthorized parts is not covered by Warranty or Product Liability.
