and Sanders**

# CP3750 Series

## Angle Grinders and Sanders

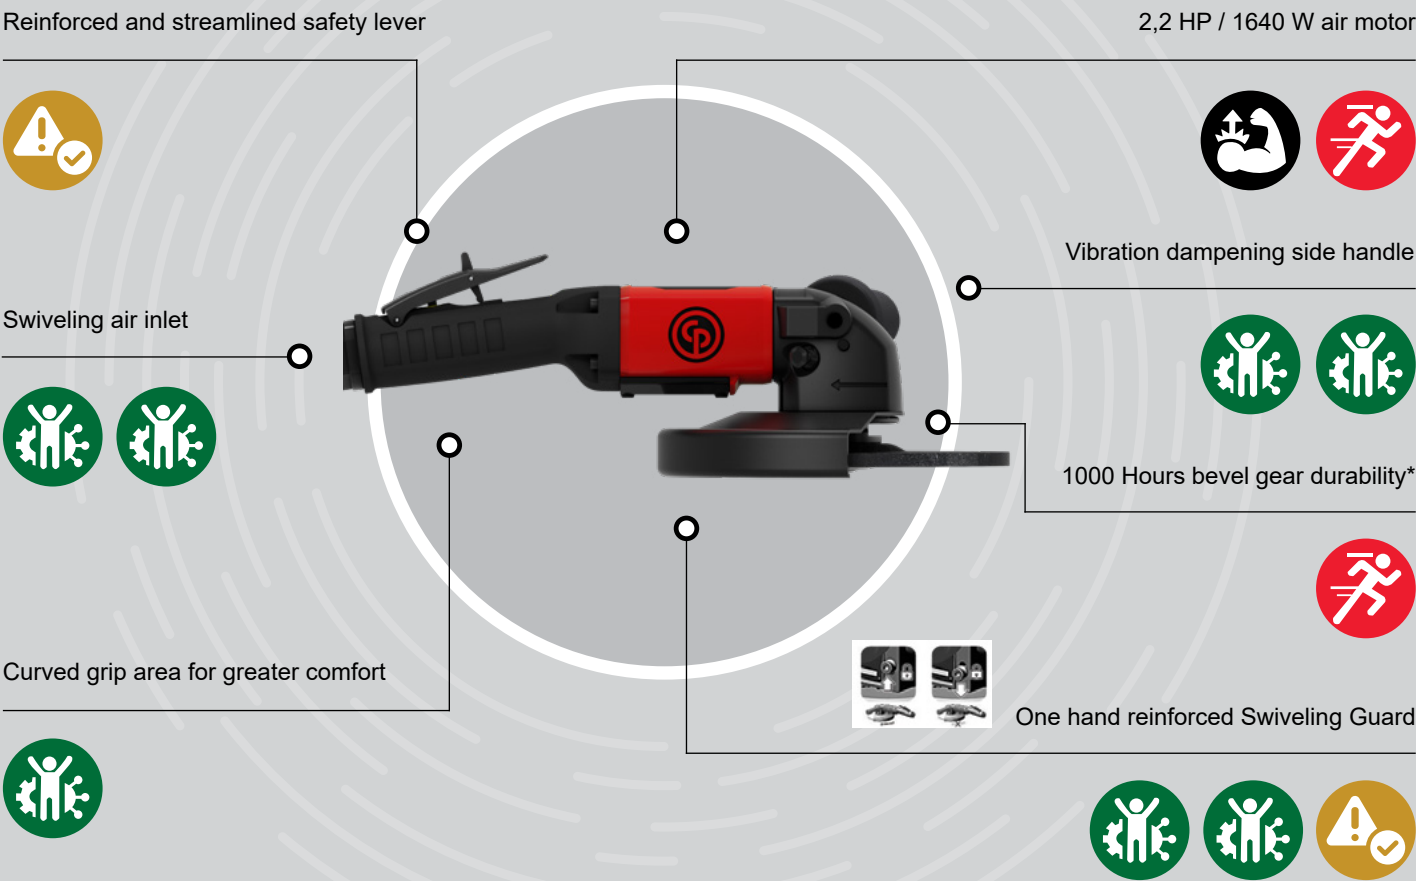

To better serve its customers active in the metalworking market, Chicago Pneumatic has launched **a range of 7” industrial grinders and sanders** including four all new models, two sanders and two grinders.

They have been designed to complete our existing range of angle grinders/sanders for 7” Industrial applications and offer a good price positioning industrial tool, that adds a real alternative to premium tools for applications where less productivity can be accepted.

When price is an issue with premium tools the CP3750 is the alternative with less features and gain in productivity but delivering ergonomic design, powerful motor and safety in an affordable price.

For users looking for the right tool, we have designed the CP3750 grinders and sanders with **the right level of performance and ergonomics when it comes to industry with no compromise on safety.**

### Main features & benefits

- Productivity
- Ergonomics
- Safety

\*All grinders/sanders need a check at 500 hours.

### Designed for a variety of applications for workshops or outside

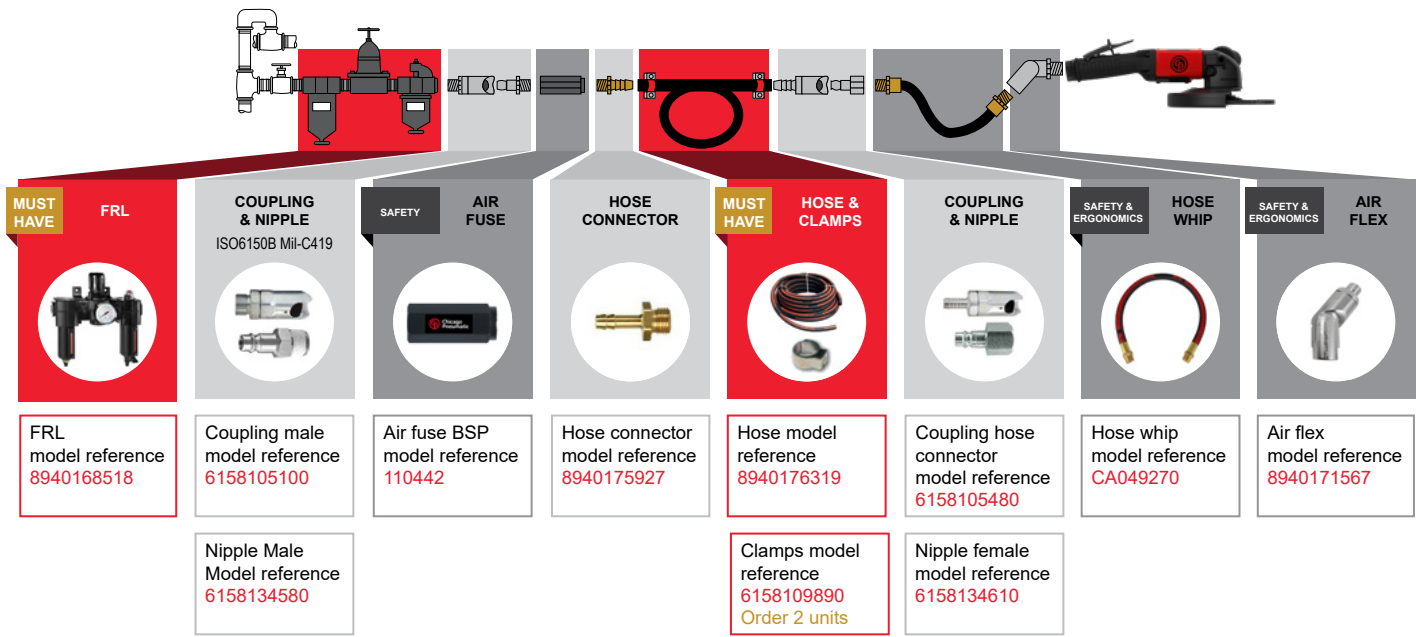

- Surface preparation
- Body panels cutting
- Weld seam removal
- Frame grinding and cutting

### Premium airline recommendation

With coupling/nipple\* between the FRL and the air fuse

Tool inlet size		Tool inlet type		Tool max air consumption		Hose recommended diameter	
1/2"		NPT		74 cfm	35 l/s	5/8"	16/22,5mm

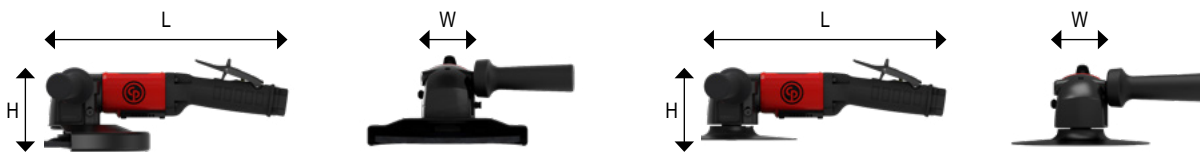

\*Set up made with (ISO6150B Mil-C419)
